## ***Welcome to your city, the city of Las Vegas.***

Las Vegas continues to capture the world's imagination as the city where anything is possible. With world-class hotels, award-winning restaurants, luxurious resorts, fantastic shopping, major league sports and spectacular entertainment. Las Vegas is one of the most electrifying destinations in the world – but you already know all that! Most importantly, Las Vegas is our home.

When I think about spring, I think about our city parks with the fresh grass and the laughter of children as they enjoy our playgrounds. Las Vegas is a wonderful place to be anytime of the year, but especially in the spring.

Spring is a great time to take up something new, and we offer so many activities, classes, arts and crafts, sports and more at our centers. Maybe you have a green thumb and want to be a part of our community gardens, or maybe it is time to brush up on your computer skills in one of our classes. The beautiful spring weather means you will want to take in one of our concerts in the park or hike one of our many trails.

Get out there and create some wonderful memories with your friends and family discovering the fun-filled activities our city provides. We have created a simple guide that allows you easily to find a city program and explore all that we have to offer to you.

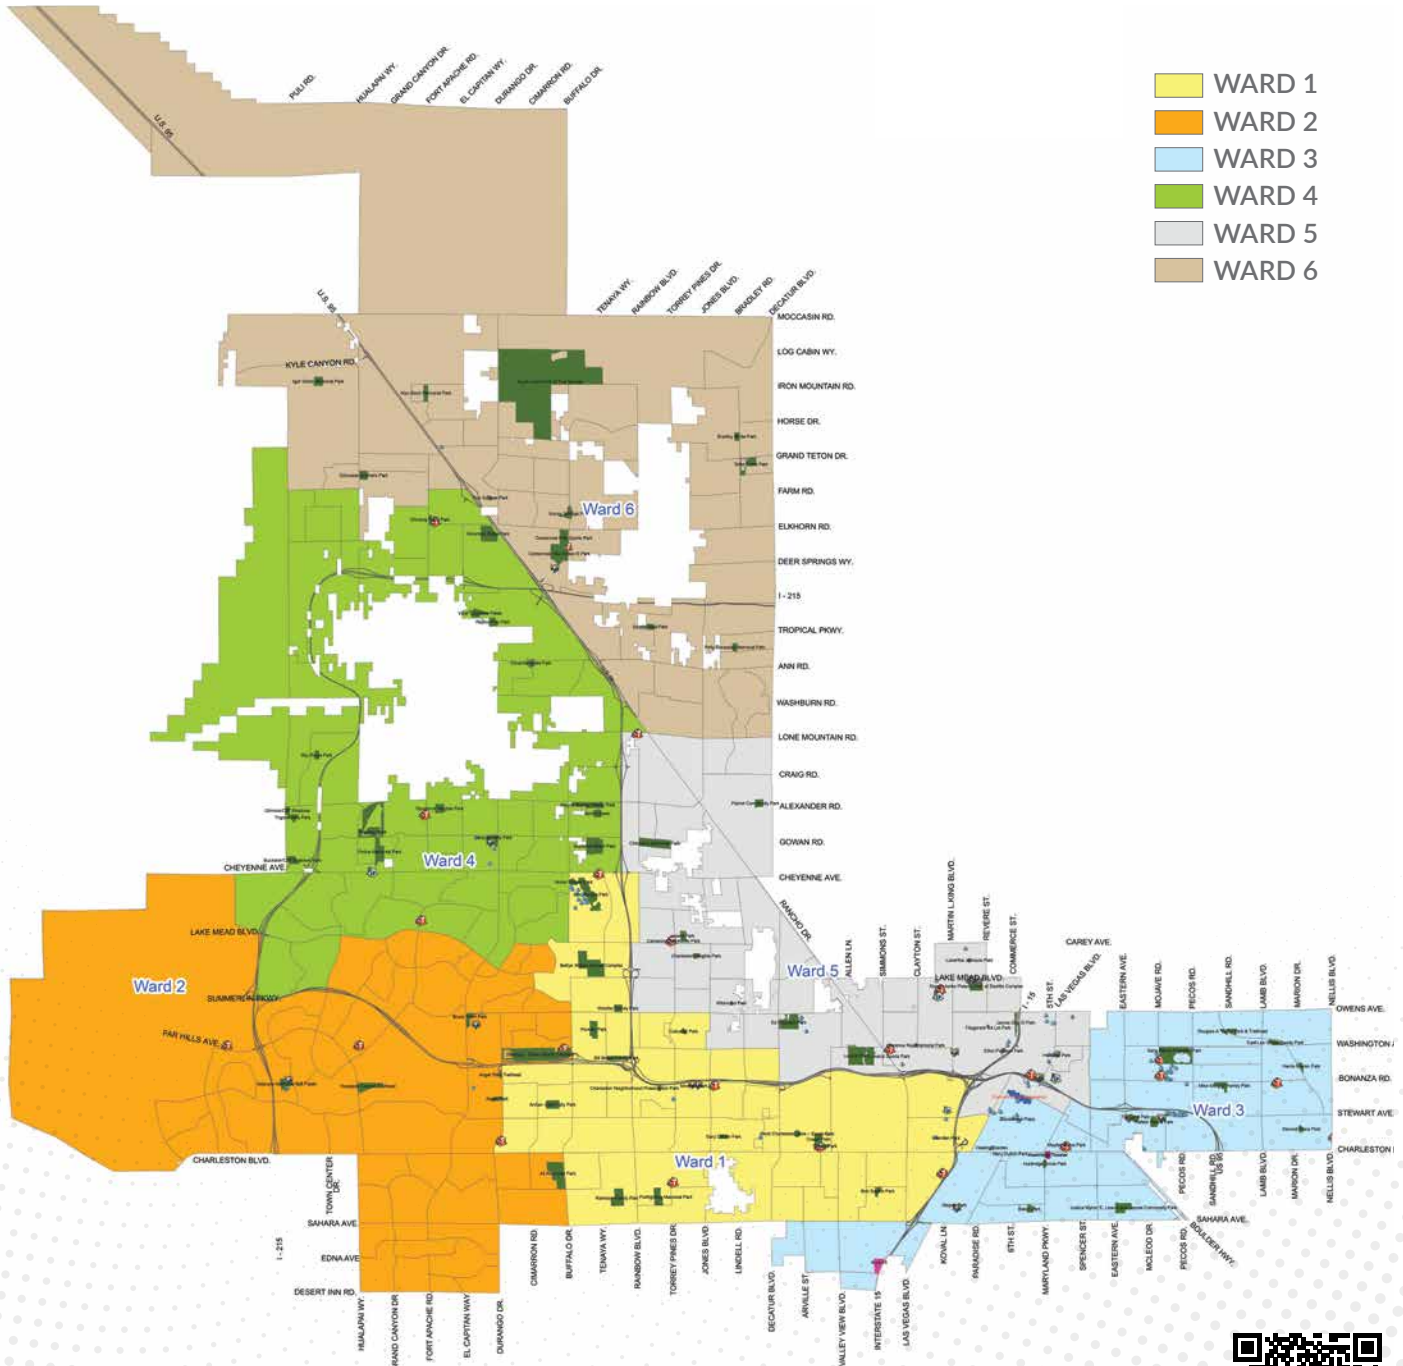

Please take a few minutes to look through this publication and discover what is right for you and your family. Options include sports, the arts, swim lessons, e-sports, educational programs and more.

***It's all here for you as you Discover Las Vegas!***

# AMERICORPS

The city of Las Vegas has exciting opportunities available through AmeriCorps and VISTA that offer unique workplace experiences and exposure to socially and economically diverse communities.

AmeriCorps members make a vital impact in the community through action and leadership, providing services such as youth education interventions, college and career support to young adults, connecting families and veterans to resources and helping meet other critical needs in the community.

As AmeriCorps' mission is to increase the ethic of service in the United States, each year AmeriCorps members participate in events and service projects that impact the community. The city of Las Vegas AmeriCorps members lead this call to action on Martin Luther King Jr. Day and during AmeriCorps Week.

The Martin Luther King Jr. Day of Service is a day each year where Americans across the country take action and serve to empower individuals, strengthen communities, bridge barriers and create solutions to social problems, while honoring Dr. King's dream of creating a beloved community. Past projects included neighborhood revitalizations and clean-ups, school beautifications, first responder thank you events, and more.

AmeriCorps Week occurs each year in March, where we recognize the commitment of our members to serving our community. Our dedicated members participate in neighborhood revitalization, address food insecurity, mentor youth and much more. Join us as we offer our thanks to members and volunteers for making an impact and serving others together.

We encourage others to follow in their footsteps of service with the city of Las Vegas and join AmeriCorps!

# Commissions & Boards

The Westside School was built in 1923 as a two-room schoolhouse on land donated by Helen J. Stewart. An additional two rooms were added in 1928 and then a second building in 1948. Originally known as Las Vegas Grammar School Branch No. 1, it is the oldest remaining schoolhouse in Las Vegas. It first served as a school for local Paiute children, and the children of migrants relocating to Las Vegas. By the 1940s and 50s the children of the growing African American population also attended the school. The main 1923 building is an excellent

example of the Mission Revival style, featuring a centrally placed curvilinear parapet wall and central entrance. The 1948 building was constructed in the Ranch style, similar in style and plan to other school buildings constructed in Las Vegas in the 1940s. The Westside School was listed on the National Register of Historic Places on April 2, 1979, on the Nevada State Register of Historic Places on March 4, 1981, and the Las Vegas Historic Property Register on May 19, 2010.
